Données extraites de géoportail le 29/07/2014

The screenshot displays the Géoportail web application interface. At the top left, the logo for the French Republic and the text "géoportail" are visible. Navigation tabs for "Accueil", "Données", and "Actualités" are located at the top center. On the right, there are links for "Mon espace Géoportail" and "Créer mon espace".

The main map area shows an aerial view of a rural landscape with fields and forests. A search bar at the top left of the map contains the text "Rechercher un lieu, une adresse" and a "Y ALLER" button. A vertical toolbar on the right side of the map includes icons for navigation, a "Remonter le temps" button, and a "2D 3D" toggle. A "Ville" label is positioned above a vertical line on the map. The IGN logo is in the bottom right corner of the map area.

On the left side, a panel titled "Ma sélection de données" (3) lists three data layers: "Cartes IGN", "Parcelles cadastrales", and "Photographies aériennes", each with a visibility toggle and a 0% to 100% opacity slider. Below this panel is a "Catalogue de données" section with "Suggestions" and "Catalogue de données" buttons.

At the bottom left, a small inset map shows the location of the main map area within France, with labels for "France métr...", "Aix-en-Provence", and "Marseille". Below the inset map is a scale bar for "Echelle 1 : 3.385" and a "100 m" scale. A "Replier la carte" button is located at the bottom center of the map area.
